ABOUT SDO

VISION

SDO envisions a society that is truly developed; socially, economically and is knowledge based.

MISSION

- ❑ To work towards community development, through a comprehensive implementation model. A model that relies and strives for providing basic amenities to those in need, to those who cannot afford.
- ❑ SDO is determined to implement activities that spurs development in underprivileged areas through social work, research and awareness.

WHO WE ARE

Sindh Development Organization (SDO) is a non-governmental, non-profitable, non-religious and non-political organization working for betterment of human life since 2011. It is registered under Directorate of Social Welfare under reference number 819/PAR/LRK. Sindh Development Organization was founded in District Shikarpur.

Our aim is to reach out to communities that are deprived of basic necessities and amenities due to poverty and disaster, in the province of Sindh, Pakistan. In the last one decade, with the support of our donors we have been able to touch lives and change it for the better through the provision of food security, water facilities, livelihood opportunities and through social protection programs aiming to enable the marginalized.

COLLABORATING TO SERVE HUMANITY

SDO involves the local communities in relief and development activities that aim to empower them, aims to restore dignity back into in their lives. Our teams of specialists and volunteers are always on the ground to respond to any sort of crisis, be it the floods, poverty or the economic effects the poverty struck are facing due to Corona Virus Outbreak.

WASH

WASH PROGRAM

WASH Stands for "water, sanitation and hygiene". Universal, affordable and sustainable access to WASH is a key public health issue within international development and is the focus of the first two targets of Sustainable Development Goal 6 (SDG 6). At SDO, we carry out water projects to improve access and quality of water for water stressed and water scarce communities residing all over Sindh, Pakistan.

SOLAR WATER PROJECT

In heavily populated water stressed communities, having population of over and around 500 persons, SDO installs solar submersible pumps with storage tanks in order to provide a sustainable source of water. Through these interventions, SDO has been able to provide access to water closer to the homes of the beneficiaries, which has saved time of women and children who earlier had to spent hours to fetch water. Through this project, SDO is just not providing water, but is also providing these communities a chance to use this spare time to improve their livelihood and give priority to their children's education.

FOOD SECURITY PROGRAM

Food security is the measure of the availability of food and individuals' ability to access it. According to the United Nations' Committee on World Food Security, food security is defined as meaning that all people, at all times, have physical, social, and economic access to sufficient, safe, and nutritious food that meets their food preferences and dietary needs for an active and healthy life.

At SDO, we carry out food security program to provide poverty struck and especially disaster struck communities with the provision of food. Through our programs, our teams work around the clock to provide the gift of food security during Ramadan, Eid ul Fitr and Eid ul Adha.

Our food security programs include the following:

1. Distribution of Food Ration
2. Distribution of Cooked Meals during Ramadan and Disaster
3. Qurbani Project

RAMADAN PROJECT

In the holy month of Ramadan, SDO identifies food insecure families in various districts of Sindh to provide them with food ration that would help them with enough food to have decent meals at Suhoor and Iftar. Apart from that, the organization also prepares hot meals during the holy month to provide Iftar meals at locations where people are in need of food and cannot cook – such as hospitals, markets, bus stations, etc.

QURBANI PROJECT

At Eid ul Adha, SDO carries out its Qurbani Project in order to provide meat packages to families belonging to the vulnerable segment of the society i.e. the poor, the needy, the poverty and disaster struck. The teams work round the clock during Eid to ensure that the meat packages reaches to the deserving communities, especially those suffering from nutritional issues. It also provides the donors the opportunity to send their donations to those who really deserve their support, care and attention.

CPI PROGRAM

Due to disasters and/or poverty, several communities do not have the capacity to repair or build new homes or public structures. Apart from that, there are several households that do not have access to a decent housing and are heavily marginalized, such as female led households, widows, orphans, disabled persons or elderly who have no one to look after them. At the same time, there are communities not having access to mosques or educational institutions.

SDO identifies such households and communities that require support to rebuild their lives, homes and public facilities.
